ALL MAJORS

## SEMINAR DETAILS

When: Every Wednesday MARCH 12 - MAY 7

From: 16:00 - 17:00 (4:00pm - 5:00pm)

Location: **MEDIA LAB** in the  
**Centennial Engineering Center (Rm. 3001)**

**FREE: Food, Refreshments, & Space Talks!**

Join us for an exciting seminar series on space research!  
Enjoy free food while exploring cutting-edge topics and  
networking with experts. Don't miss out—great insights and  
great meals await!

The Sustainable Space Research - Grand Challenge  
Team at the University of New Mexico (**UNMSSRGC**)  
is hosting a 9 session space seminar course that  
is available to all majors. This is a discussion-  
based course that allows students of all  
disciplines and levels to learn more  
about space technology, industry,  
and community at New  
Mexico. The class consists  
of talks by guest  
lecturers and experts  
from academia,  
industry, and  
labs.
